Chilmark Dental P.C.

**15 Pleasantville Rd.
Ossining, NY 10562**

Dear New Patient:

We want to extend to you our personal greetings and a very warm welcome to our dental practice. We are accepting new patients, and we are committed to doing everything possible to provide you with high quality dental care and also make your visit to our office as pleasant and comfortable as possible.

The following information will be very useful to you:

- Our practice includes a wide range of dental procedures, including comprehensive dentistry, endodontics (root canals), extractions, implant restorations, crowns, bridges as well as other esthetic and restorative procedures. Nitrous Oxide is available (maybe an additional charge).
- At the time of your first appointment, we will listen closely to your concerns and conduct a thorough, comprehensive examination. We will take the time to give you the personal attention you deserve.
- Before any treatment begins, we will sit down with you and advise you of your options so you can make an informed choice regarding the best course of treatment for your specific needs. We respect our patients, and our goal is to provide you with the highest quality care in an atmosphere of mutual trust.
- We accept most insurance and dental plans and balance bill the patient portion. We participate with many of them as a Preferred Dental Provider. This enables you, our patient, to save.
- We provide easy financing for major dental work.
- We have flexible hours that include evenings and Saturday morning.
- Our practice is truly a family practice that is based on word-of-mouth referrals. We often treat many members of the same family, and some of our best patients are referred by some of our best patients.

Thank you for choosing our practice to serve your dental needs. If you have any questions, please feel free to call us at (914) 941-2200.

Sincerely

Itta J. Lobel, D.M.D
